Artificial Ponds

ADID Farmed Wetlands

Islands

Fens

NRCS Farmed Wetlands

This map was produced under the Advanced Identification (ADID) Program of the U.S. Environmental Protection Agency and the U.S. Army Corps of Engineers. Descriptions of the wetland inventory methodology and the wetland and stream designation criteria are available in the Kane County ADID Study Methodology.

The wetland boundaries shown are not jurisdictional delineations.

Note: Although the aerial photography displayed on this map was taken in 2001, the ADID data was based on aerial photography taken in 1996-1998 and then updated with photography from 2000. For this reason some features present on the 2001 photography may not be reflected in the ADID data.

Date of Map Creation: August 30, 2004  
L. Barghusen, Senior Environmental Analyst
